

Overview:

In this topic we will be looking at the homes we live in, in our home town of Romsey. We will be discussing and exploring what is around our local community and discussing the human and physical features within it. We will then go on a walk around our local area to identify and spot these features. Finally, we will draw a map of our local community for Grandad as he wants to visit us!

What I already know...

In year R, I went on a walk in school and identified key areas within the school grounds.

I know that I come to school and what is within my school.

By the end of this unit...

I can map out my route from home to school.

I know what is in my local community.

I know what human and physical features are and can identify them in my local community.

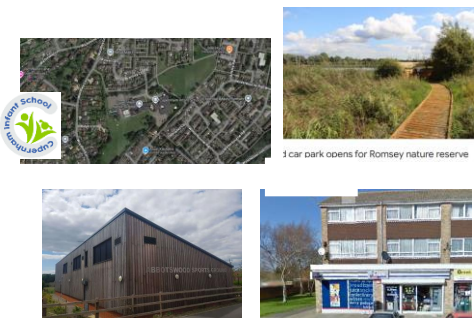

I can spot these features on my walk.

I can draw a map of my local community with the relevant features.

Key Vocabulary

Romsey	near	location
surroundings	grounds	physical
community	local area	human
route	school	house
plan		

Relevant geographical features

Key Questions

Where do we live?

What does community mean?

What is a human feature?

What is a physical feature?

What are the human and physical features of our community?
